

**Table 6-1
Policies Matrix**

General Plan Element	Issue	Policy	Program
Community Development	Comprehensive Planning	<i>Policy 1.</i> The City of Beaumont, through the implementation of this General Plan, will promote a balance of land use and development types throughout the City.	Environmental Review Redevelopment
Community Development	Comprehensive Planning	<i>Policy 2.</i> The City of Beaumont will implement an integrated land use and transportation system that accommodates existing and future service and utility demands.	Environmental Review Redevelopment
Community Development	Comprehensive Planning	<i>Policy 3.</i> The City of Beaumont will require major centers and larger residential developments to be accessible to major transportation facilities.	Environmental Review Redevelopment
Community Development	Comprehensive Planning	<i>Policy 4.</i> The City of Beaumont will use specific plans and other master planning tools for the design and development of quality development projects with long-term value.	Environmental Review Redevelopment
Community Development	Comprehensive Planning	<i>Policy 5.</i> Prior to the approval of any specific plan or tract map in the area bounded by the proposed Potrero Boulevard on the north, the Seneca Springs and Four Seasons projects on the east, and State Route 79 on the west, a comprehensive subregional land use and circulation plan shall be developed. The Plan shall be considered by the Planning Commission and City Council in the approval of any projects in this area.	Environmental Review Zoning Conformity
Community Development	Residential Development	<i>Policy 6.</i> The City of Beaumont will continue to support the development of new housing opportunities as defined by the Land Use Plan contained in the Community Development Element.	Environmental Review Redevelopment
Community Development	Residential Development	<i>Policy 7.</i> The City of Beaumont will continue to maintain and conserve its existing residential neighborhoods.	Environmental Review Redevelopment
Community Development	Residential Development	<i>Policy 8.</i> The City of Beaumont will continue to examine future opportunities for new residential development.	Environmental Review Redevelopment
Community Development	Residential Development	<i>Policy 9.</i> The City of Beaumont will encourage the development of new housing at varying densities to accommodate a variety of incomes and lifestyles and special needs groups.	Environmental Review Redevelopment Zoning Conformity
Community Development	Residential Development	<i>Policy 10.</i> The City of Beaumont encourages and supports the keeping of farms and equine animals in suitable locations and upon parcels which are a minimum of one acre in size, with a maximum of two large animals per acre, and shall establish appropriate zoning provisions to accommodate animal keeping.	Zoning Conformity

**Table 6-1
Policies Matrix (continued)**

General Plan Element	Issue	Policy	Program
Community Development	Commercial Development	<i>Policy 11.</i> The City of Beaumont will continue to promote development that capitalizes on the City's location near the I-10 and the SR-60 Freeways while ensuring that there is not an "over-zoning" of commercial development.	Environmental Review Redevelopment Zoning Conformity
Community Development	Commercial Development	<i>Policy 12.</i> The City of Beaumont will continue to promote the development of larger, more efficient, commercial retail centers as opposed to "strip commercial" along the City's traffic corridors.	Redevelopment Zoning Conformity
Community Development	Commercial Development	<i>Policy 13.</i> The City of Beaumont will continue to promote the redevelopment and revitalization of the 6 th Street commercial district.	Redevelopment
Community Development	Commercial Development	<i>Policy 14.</i> The City of Beaumont will continue to promote the development of a regional urban village in the vicinity of the I-10 and the SR-60 Freeways.	Redevelopment Zoning Conformity
Community Development	Industrial Development	<i>Policy 15.</i> The City of Beaumont will continue to promote the maintenance and preservation of industrial activities and business that contribute to the City's economic and employment base.	Environmental Review Redevelopment Zoning Conformity
Community Development	Industrial Development	<i>Policy 16.</i> The City of Beaumont will encourage the continued expansion of the City's industrial districts to accommodate economic development and growth.	Redevelopment Zoning Conformity
Community Development	Industrial Development	<i>Policy 17.</i> The City of Beaumont will promote the development of modern and attractive business activities that will enhance the City's economic well being.	Building Code Review Code Enforcement Environmental Review Redevelopment
Community Development	Phased Development	<i>Policy 18.</i> The City of Beaumont will strive to ensure that there will be adequate water and wastewater system capacity to meet projected demand.	Environmental Review Redevelopment
Community Development	Phased Development	<i>Policy 19.</i> The City of Beaumont will continue to implement comprehensive water and wastewater management programs and ensure that future developments pay their fair share for any needed infrastructure improvements.	Environmental Review Redevelopment
Community Development	Phased Development	<i>Policy 20.</i> The City of Beaumont will continue to oversee the development of adequate and dependable public services and facilities to support both existing and future development.	Environmental Review Redevelopment
Community Development	Urban Design	<i>Policy 21.</i> The City of Beaumont will continue to promote the maintenance of existing properties.	Building Code Review Code Enforcement Environmental Review Redevelopment Zoning Conformity

**Table 6-1
Policies Matrix (continued)**

General Plan Element	Issue	Policy	Program
Community Development	Urban Design	<i>Policy 22.</i> The City of Beaumont will continue to work towards improving the appearance of the entryways and entry points leading into the City.	Building Code Review Code Enforcement Environmental Review Redevelopment Zoning Conformity
Community Development	Urban Design	<i>Policy 23.</i> The City of Beaumont will continue to work towards the implementation of streetscape and sign standards.	Building Code Review Code Enforcement Environmental Review Redevelopment Zoning Conformity
Community Development	Urban Design	<i>Policy 24.</i> The City of Beaumont will continue to promote quality design in the review of commercial and industrial development.	Building Code Review Code Enforcement Environmental Review Redevelopment Zoning Conformity
Community Development	Water Utilities	<i>Policy 25.</i> The City of Beaumont will continue to encourage the development of a water storage and delivery system to accommodate existing and projected demand.	Redevelopment Zoning Conformity
Community Development	Water Utilities	<i>Policy 26.</i> The City of Beaumont will continue to work with local purveyors to maintain and expand, as needed, a water storage and distribution system that will meet existing needs and projected demand.	Environmental Review Redevelopment
Community Development	Water Utilities	<i>Policy 27.</i> The City of Beaumont will promote the development of a system that will use reclaimed water for irrigation.	Environmental Review Redevelopment Zoning Conformity
Community Development	Wastewater Utilities	<i>Policy 28.</i> The City of Beaumont will continue to protect water quality through effective wastewater system management.	Code Enforcement Environmental Review
Community Development	Wastewater Utilities	<i>Policy 29.</i> The City of Beaumont will continue to ensure that future development is adequately served by wastewater treatment facilities.	Environmental Review
Community Development	Wastewater Utilities	<i>Policy 30.</i> The City of Beaumont will continue to plan for the development of a system that will use reclaimed water for irrigation.	Building Code Review Code Enforcement Environmental Review
